THIS IS NOT JUST A
COMMUNITY

IT IS AN
ECOSYSTEM

A woman with dark hair, wearing a bright yellow dress, is gently holding a monarch butterfly on her hand. She is looking down at the butterfly with a soft smile. The background is filled with out-of-focus white flowers, likely cherry blossoms, and green foliage. The overall mood is peaceful and harmonious. There are decorative elements: a thin white arc and a small white circle in the top left, and a large, semi-transparent orange circle with a smaller white circle inside in the bottom right.

WITHIN IT, THERE IS
HARMONY

WHERE YOU & NATURE
COMPOSE
TOGETHER

A woman with dark hair is shown in profile, looking upwards. Her right arm is raised and has intricate henna designs. The background is a lush, green forest with sunlight filtering through the leaves. There are decorative circular elements in the top left and bottom right corners.

The city skyline is silhouetted against the bright sky, with the Burj Khalifa standing out as the tallest building. The overall mood is serene and majestic.

INSPIRATION CAME FROM

NATURE ITSELF

For inspiration, we turned to the desert and we became inspired by the resilience of the flora found there. With the Ghaf tree as our starting point, we chose plants, shrubs and trees suitable to the local climate. Native species were favoured because of their resilience to drought and heat.

THE INGREDIENTS

OF THE EARTH

Everything, down to the soil beneath your feet, is carefully thought out. Ghaf Woods' smart soil, rich in minerals and organic structure, gives our forest the nourishment it needs. Special water-capturing technology gives the plants the vital hydration they need in a sustainable way.
